COMMUNITY GROUP DISCUSSION QUESTIONS

- **ICEBREAKER: When is the last time you had trouble sleeping? What was it that kept you up at night?**
- **James in our passage describes two kinds of faith that do not work: a dead faith and a demonic faith. Define each. What makes them different from one another? How are they similar?**
- **Would you say at any point in your life (maybe even now) that you had a dead or demonic faith? What changed for you to move out of that kind of faith?**
- **James goes on to describe what Pastor Joe called a driven faith (a working faith in action). In what areas of your life might you struggle with putting your faith into action? What are some practical ways our faith should show up in our daily actions?**
