COMMUNITY GROUP DISCUSSION QUESTIONS

- **ICEBREAKER: What is your favorite Christmas tradition?**
- **In order to have a faith that lasts we must have patience. In what areas of your life do you struggle to be patient? How does suffering intensify the struggle to be patient?**
- **What does James say being patient actually looks like in real life situations and circumstances? What practically was the most helpful for you?**
- **James provides a few examples we can follow in becoming and being patient. Who's example did you find to be the most helpful and instructive in being patient?**
- **Ultimately, reflecting on the return of Christ helps us to grow in patience. How exactly does reflecting and believing Christ is coming help us to be patient?**
